

TAZZMANIA WILL PACK MEN IN!

EVERYBODY

THE GAME

The player moves his shooting Tazzmania around each room via the newly-improved joystick. The object of the game is to kill as many of the attackers as possible by pressing the fire button which also shoots rapid fire when held down. Tazzmania stops moving when firing, making him extremely vulnerable in attack. With each frame the walls begin closing in. Tazzmania should shoot as many of the HOPPERS and NASTIES fast before he is squashed to death. Every three rooms of this nineteen level game a BONUS ROOM appears. As Tazzmania runs over the numbers, he collects their values which are multiplied by 100. Also in the BONUS ROOM there are SMART BOMBS which can be retained for future use in any of the other subsequent rooms. Smart bombs can kill the attacking NASTIES or stop the crushing walls. The player is given a Bonus Tazzmania every 10,000 points.

STRATEGY FOR GAME PLAY

In the EYEBALL ROOM, stay out of the middle of the room.

In the SICKLE ROOM, the SICKLES key off your movement when not shooting.

In the CATERPILLAR ROOM, stay off the walls, the CATERPILLARS turn into BUTTERFLIES and fly around the room.

In the CYCLOTRON ROOM, the CYCLOTRONS won't move until you shoot, they key off your movement when shooting.

FACES and HOPPERS are very smart.

BUTTERFLIES are average smart.

When in doubt SMART BOMB.
